

Confidential PLL Identification Dossier

This document provides a comprehensive profile of Mr. Johnathan D. Knox, an American citizen residing in California. The information contained herein is confidential and must be handled in accordance with regulatory standards for personally linked information (PLL). Mr. Knox was born on 22nd April 1987 and is a current employee at FinTech Dynamics Inc., operating out of Los Angeles. His permanent address is 1234 Maple Avenue, Apt 56B, Los Angeles, CA 90001. He is contactable at +1 (213) 555-0198 or via email at j.d.knox@example.com.

Mr. Knox holds a valid California Driver's License bearing the number KX1234567 and is registered with the SSN 123-45-6789. His employee ID at FinTech Dynamics Inc. is FTD-9987234. He has been instrumental in driving digital compliance solutions for financial data workflows.

Confidential PLL Identification Dossier

Johnathan's employment history is marked by exemplary contributions across multiple domains. His tenure at FinTech Dynamics began in 2015, where he has held various positions such as Compliance Analyst, Policy Reviewer, and currently Senior Compliance Officer. His tasks include policy audits, risk assessments, and internal training programs.

Financially, he maintains a Bank of America account (Acc No. 987654321012) and a secured credit card for corporate expenses ending in 1111. All expenses are transparently reported and reconciled quarterly. He also subscribes to an identity protection service to mitigate the risks associated with data leaks.

Confidential PLL Identification Dossier

Medically, Mr. Knox is diagnosed with mild asthma and hypertension. He is prescribed Lisinopril 10mg and carries an Albuterol inhaler at all times. These conditions are declared and documented under his health insurance profile, HIC98374563. His emergency contact, Mary Knox, is reachable at +1 (310) 555-8745. Blood type O+ is noted in all hospital records.

Recent procedures include an ECG conducted in January 2025 and a routine blood test in February 2024. These were logged in the CareConnect+ app for ease of access during emergencies. He also maintains a digital health log synchronized with his primary care provider.
